	0000-099				1	0.2	\$39.00	
	Installation per Grommet 0000-3199						\$503.00	

## Installation Policy

- Flexsteel Contract will offer data port installations for Power and Data ports (P&D ports) sold by Flexsteel Contract, in standard, existing grommet locations on Expandable Tables, for a set installation fee listed in our price list.
- Flexsteel Contract will provide installations of P&D ports not sold by Flexsteel Contract in the existing grommet holes for a 35% up charge, provided the client supplies detailed drawings of direction the ports are to be installed and exact dimensions of the port.
- Flexsteel Contract Standard Conference Tables, outside the Ex-table program, are not engineered for data ports. There is no wire management support on the table or table bases. Flexsteel Contract may agree to install ports to these tables for a 50% up charge to standard installation charges if the client provides detailed signed off drawings for dimensions and locations of the ports. In these cases, Flexsteel Contract reserves the right to move data port locations if the desired location will interfere with table base support.
- Requests for grommets in conference tables without grommets are subject to a 35% up charge.
- In all cases, table orders with installed P&D ports, and grommets are not cancellable.
