

Divide is a modular desk-mounted panel system that can be retro installed on many Global Desks. The panels can be vertically stacked to provide varying degrees of privacy. The panels are available in laminate or fabric tackboards as well as glazed panels that allow light to pass through. Divide's off-desk accessories help to organize paperwork and free up the workspace. Divide is offered in many laminate and fabric color options to complement any office environment.

Features and Benefits

- Available as Fabric, Glazed or Laminate partitioning panels in an array of heights and widths
- Easy to specify: choose the desired panel height and width and its corresponding height divider post(s)
- A built-in accessory management rail (on fabric and glazed panels) is designed to accommodate off-desk accessories for workspace organization.
- Laminate panels offer an optional wire access cutout at the bottom of each panel (order as SCP2)
- Laminate Transaction Tops are offered in various shapes and sizes, and are standard as either 1" thick or 1½" thick to match
- All Adaptabilities, Correlation, Genoa, Halton and Zira laminate colors are offered as well as a wide variety of fabrics

GENERAL INFORMATION

- Divide is a desk-mounted panel system that can be field installed at any time on many Global desks
- Vertical stacking of varying heights provide semi-private to private work areas
- Designed for use on the Adaptabilities, Correlation, Genoa, Halton, and Zira laminate desk series', and may be retrofitted onto non-Global square edged product if necessary.
- Panels are available in 12", 18", 24" and 36" heights and can be stacked to produce heights of 24", 30", 36" and 42" for a virtually limitless variety of configurations
- Progressive, desk-mounted partition system consisting of three major categories:
 - Divider Posts - to support the partitions
 - Partitioning Screens - a variety of widths and heights to create personalized privacy; offered in laminate, glaze or select fabrics
 - Transaction Tops - laminate tops ideal for creating reception stations
- Global laminate and seating products are in compliance with stringent emission guidelines set out by the Greenguard Environmental Institute under the standards for low emitting products and materials. www.greenguard.org
- **Level 3 Certified**

DIVIDER POSTS

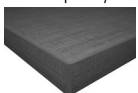

- Available in 6 standard heights:
 - 12" high - to create **semi-private** spaces and to support Transaction Tops
 - 18" high - to create **semi-private** spaces and to support Transaction Tops
 - 24" high - to create **semi-private** spaces
 - 30" high - to create **semi-private** spaces
 - 36" high - to create **private** spaces and to match the height of 36" high hutches and/or 65" high Adaptabilities, Genoa and Zira cabinets
 - 42" high - to create **private** spaces and to match the height of 42" high hutches and/or 72" high Correlation and Zira cabinets
- Posts are field installed. Each Divider Plate includes: 1 Post Mounting Plate, 1 Threaded Rod, 3 Cover Strips and 1 Top Cap plus Mounting Hardware (contains 8 screws, 1 washer, 1 locking nut). 2 Divider Posts are required per partitioning panel.
- Available in Black (**BK**) or Silver (**SI**) finish, please specify.

PARTITIONING SCREENS

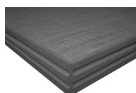

- Available in 4 standard heights: 12", 18", 24" and 36" and can be used in combinations to create systems consisting of 12", 18", 24", 30", 36" and 42" heights.
- Available in 3 materials:
 - **Laminate** - available in all laminate colors used on Adaptabilities, Correlation, Genoa, Halton and Zira (see below). Standard black accent edging at top and bottom. Optional wire access scoop cut-out is offered, centered at the bottom of the panel - order as "**SCP2**" after model #.
 - **Glazed** - choice of **clear, ribbed or frosted** glazing. Top and bottom rail standard in Black (**BK**) or Silver (**SI**), please specify. Top rail is designed to accommodate off-desk accessories.
 - **Fabric** - available in all Grade 1, 2, 3 and 4 panel fabrics and select Grade 1, 2, 3 and 4 seating fabrics (see next page). Top and bottom rail standard in Black (**BK**) or Silver (**SI**), please specify. Top rail is designed to accommodate off-desk accessories.

TRANSACTION TOPS

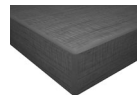

- Tops are available in 1" or 1.5" thick thermally fused laminate
- Tops are sealed with Global's preferred edging in matching color
- Transaction Tops are available with optional edges at no upcharge. Please Specify:

A3 1" top, standard

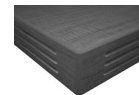

AR 1" top, bicut edge

C3 1.5" top, standard

CR 1.5" top, bicut edge

CF 1.5" top, fluted edge

- All 1" thick transaction tops are available in all Adaptabilities, Correlation, Genoa, Halton and Zira laminate colors (see below). 1½" thick transaction tops are offered in Correlation and Zira laminate finishes only.
- Includes all necessary flat mounting plates and joining plates.
- Features pre-drilled locating holes to allow for quick alignment with the Divider Post.
- Available with a radius cut on one or both ends (each radius adds a 6" overhang).
- Woodgrain surfaces feature edging with matching printed woodgrain
- Products specified with the high pressure laminate option are finished on the underside of the surface with a kraft paper backing.

FABRICS (fabric screens)

Grade 1: Agate II

Grade 2: Drama, Jenny, Lola, Pebbles, Quilt, Sprinkle, Station, Urban

Grade 3: Anchorage, Brinx, Crescent, Imprint, Mariposa, Match, Renewal, Replay, Silhouette

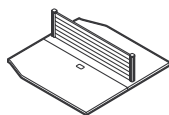

Grade 4: Accent, Couture

Momentum Grade 5: Meander, Tracery and Universe (*extended lead time*)

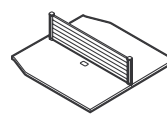

D DIVIDE™ - NOTES

PLEASE NOTE:

- Divide screens cannot be centered between two back to back workspaces.
- Screens must be installed on one worksurface or the other.
- Divide cannot be used with Adaptabilities or Correlation reception units.
- When panels are mounted on a 30" deep worksurface from Adaptabilities, Correlation, Genoa or Zira, please specify 29" wide panel

Correct Installation

Incorrect Installation

HOW TO ORDER DIVIDE SCREENS

example: DTB 1236 GN31

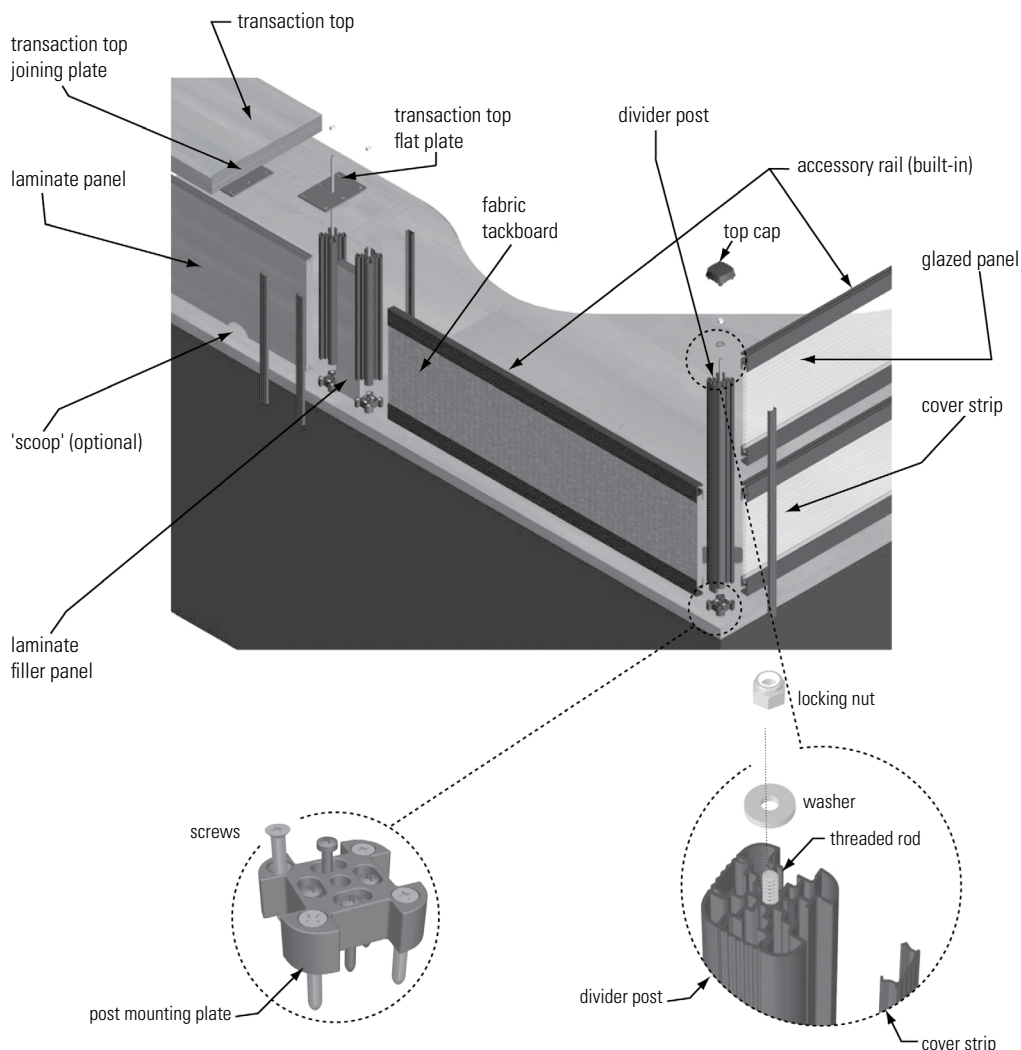

DTB 12 36* GN31

DTB **12** **36*** **GN31**

Style Code (fabric, glazed or laminate)
Height (of screen)
Width* (of worksurface to be used on)
Fabric Code

***NOTE:** Number denotes width of worksurface to use - please see dimensions in price book for actual dimensions of the screen.

PARTS AND COMPONENTS

INSTALLATION IS AS SIMPLE AS 1...2...3

- 1) Attach the threaded **Post Mounting Plate** with enclosed screws to the top side of the worksurface.
- 2) **Divider Post** is bolted to the Mounting Plate.
- 3) **Top Cap** is attached to the top of the Divider Post.

TRANSACTION TOPS

D x W x H

- To order a radius end on one side of a transaction top, add the suffix “D” to the model number (ex. DATT30D). Add a **15% upcharge**.
- To order a radius end on both sides of a transaction top, add the suffix “DD” to the model number (ex. DATT30DD). Add a **20% upcharge**.
- Each radius end adds a 6” overhang per side (see illustrations below).

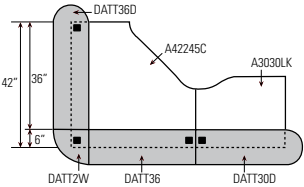

Transaction top is offset 6” from edge of worksurface in both directions.

Transaction top is offset 4” from the center of divider post towards the inside and 8” towards the outside.

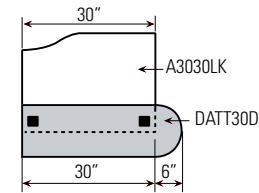

Transaction Top Offset

- 4” from the center of the Divider Post to the inside of worksurface
- 8” from the center of the Divider Post to the outside of worksurface

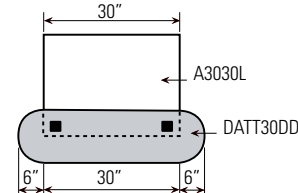

Two Way Connector Transaction Top (DATT2W/DCTT2W)

Use with a corner worksurface to link transaction tops together.

Radius End Transaction Top - one side

Add suffix “D” to model number for radius end on one side.

Radius End Transaction Top - two sides

Add suffix “DD” to model number for radius end on both sides.

STRAIGHT TRANSACTION TOPS

Straight Transaction Top - 1” thick

 Edge Detail

GENERAL INFORMATION

- GPS II is a MODULAR panel system that can be used with Adaptabilities, Correlation and Zira to address reception, privacy and/or storage needs.
- New painted frame finish matches metal seating finishes, available in four fabric grades.
- Global laminate and seating products are in compliance with stringent emission guidelines set out by the Greenguard Environmental Institute under the standards for low emitting products and materials. www.greenguard.org
- **Level 3 Certified**

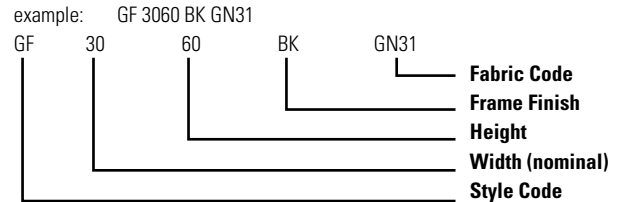

CONSTRUCTION

- Stand alone panels are shipped with legs detached and neatly concealed inside frame for ease of cartoning and shipping. The legs simply slide into position on the job site for “no tools” installation.
- For fabric wrapped frames, specify “**FW**”, **ADD \$73** per panel. AGATE II panel fabric is not available for this option.
- Glazed panels are available in Clear (**GC**) and Smoked (**GS**) as standard. Frosted (**FZ**) glazing is available at a **10% upcharge**. Please specify at the time of order.
- Frame finishes are available in Black (**BK**), Business Grey (**BG**), Nevada (**NV**) or Chrome (**CH**). Please specify.
- Please Note: Free standing fabric panels (GPS1, GPS2, GPS3, GPS4, GPS5, GPS6, and GPS7) are available with a Chrome (CH) frame ONLY.
- 72” wide panels are upholstered horizontally due to the width of fabric rolls.
- All panels are built 3/8” wider than nominal width to allow for return panel installation. **All “special width” panels must be ordered 3/8” less than actual width required.**
- Panel ‘creepage’ will occur on long straight runs.
- It is recommended that panel runs do not exceed 8 feet in length without additional panel support and hardware.
- The bottom edge of the plexiglass window is 42” off the floor for partially glazed and 7” for fully glazed panels.
- NRC rating of 0.4.
- Straight panels have two adjustable levelling glides (finished in black), curved panels have three. Glides can be replaced with optional self-supporting feet.
- All panel connectors (finished in black) must be ordered separately.
- All panels are shipped one per carton.
- For **custom** sizes, take the next larger size **fabric** panel and **ADD 10%**.
- For **glazed** panels, take the next larger size panel and **ADD 15%**.

PANEL FABRICS

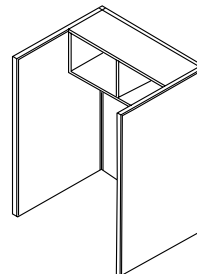

- C.O.M. fabric must be approved by Global. Fabrics must be 60” wide.
- It is recommended that panels NOT be upholstered with seating fabrics.
- Available in the following panel fabrics:
 - **Grade 1** Agate II
 - **Grade 2** Lola
 - **Grade 3** Anchorage, Brinx and Mariposa
 - **Grade 4** Accent
 - Momentum **Grade 5** Meander, Tracery and Universe (*extended lead time*)

HOW TO ORDER PANELS

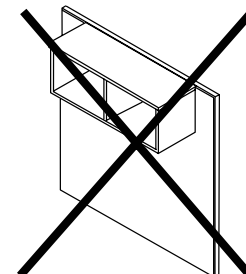

PLEASE NOTE: AOOs overstorage units are designed to be used of the same width and size on both sides of the GPS II panel to ensure equal distribution of weight on the panel. Overstorage units can be used on one side of a panel on short runs, or on cubicles under the following conditions:

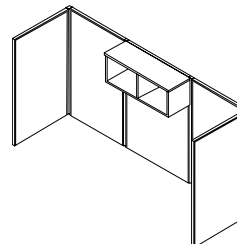

- use return panels to stabilize configuration
- use floor mounts to anchor panel
- use worksurface connectors to attach panel to worksurface
- See diagrams below for acceptable & unacceptable usage of overstorage units with GPS II panels.
- GPS II panels are 1” thick and may show some movement after overstorage units are loaded.

GPS II TRANSACTION TOP & OVERSTORAGE UNITS NOTES

D x W x H

- Hardware must be ordered separately.
- For half sizes, add ½" to model number.
- **ATT96** is the largest size available.
- For Radius cut on both ends, **Add DD** to model number (ex. TT96DD). **15% upcharge.**

To calculate Transaction Top **CUBIC FOOTAGE**:
 Use the following formula:
 $(w \times d \times h) / 1728 = \text{Cu. Ft.}$
 ex. If transaction top required is 21" long,
 $(21 \times 12 \times 1) / 1728 = .1458$
 Round up to the nearest cube, in this case, 1 cubic foot.

To calculate Transaction Top **SHIPPING WEIGHT**:
 Use the following formula:
 $\text{width required} \times 12 \times 1 \times .025 = \text{Wt. (lbs)}$
 ex. If transaction top required is 20" long,
 $20 \times 12 \times 1 \times .025 = 7.5 \text{ lbs.}$

GPS II TRANSACTION TOP & OVERSTORAGE UNITS NOTES:

- Transaction tops are 1" thick, constructed of 45 lb. density particle board covered top and bottom with thermally fused high performance laminate. Edges are sealed with Global's preferred matching edge.
- Hardware must be ordered separately. Please refer to page xxx for further details.
- Transaction tops are available in the following finishes:

A00S30	15 x 30 x 16	70	48	3	\$401

Standard with pre-mounted "J" bracket for wall mount applications. Can be hung on GPS II panels with optional **ABR1** hanging bracket. One fixed shelf, closed back. Uses standard Adaptabilities Hutch Doors. Shipped RTA (ready to assemble).

- **NOTE:** Care should be taken to mount the units. Units should be mounted to wall studs using correct fasteners. Failure to do so may result in collapse of the unit and subsequent personal injury. **Mounting hardware not included.** Mounting hardware used should be based on wall material. Consult an installation professional for proper wall mounting.
