

TOPS: Coronado units feature a straight grain slip matched cherry veneer top with hardwood rims and miter corners. Tops are of a 5-ply balance panel construction. Top thickness $1\frac{3}{16}$ "

DRAWER CONSTRUCTION: Wooden drawer boxes are built with a four corner english dovetailed box.

FILING: File drawers come standard with a heavy duty metal filing system.

VENEER: Genuine flat sliced cherry veneers, selectively slip matched on all surfaces to provide proper consistency. Tops are plain book matched cherry.

CHASSIS CONSTRUCTION:

All Coronado desk chassis feature lock miter construction with parting rails. The exception to this are the 3672 and 3066 desk units, which have lap joint construction with parting rails. All credenza chassis feature lap joint construction. The chassis is reinforced with solid hardwood cleats screwed to the top, pedestal ends and modesty panel. Base molding on all units are constructed of solid hardwood. All base units have adjustable leveling glides to compensate for uneven floor surfaces.

DRAWER CONSTRUCTION:

Box and File drawers are built as separate units for strength and durability. Drawer fronts are attached separately.

DRAWER SUSPENSION:

File drawers utilize a heavy duty full extension metal ball bearing slide for smooth operation. Box drawers operate on full extension slides allowing full access to the drawer.

FILE DRAWERS:

Letter width file drawers accommodate letter or legal filing. Legal width desk file drawers provide legal filing front to back or double letter filing side to side eliminating any unusable space .

DRAWER FRONTS:

Drawer fronts have the option of straight grain with cove edges or straight grain with self edges. Select units offer a burl veneer with cove edges.

MOLDING:

Molding features four molding options on most units. Perimeter and picture frame, No perimeter and picture frame, No perimeter and square molding, and an option for No molding.

LOCKING:

Central locking is standard for all desks. The Paoli system utilizes a unique rotating cam which prevents the locking cables from binding or kinking for longer trouble free service. Pedestal locking is standard on all credenzas and returns.

DRAWER AND BOOKCASE HARDWARE:

Drawer pulls are offered in Matte Black or English Antique Brass plated and are shipped fully assembled.

FINISH:

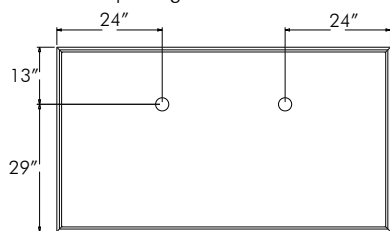

Paoli's multi-step catalyzed varnish finish utilizes the latest in technology. The superior strength of Paoli's tech-age finish provides enhanced stain and mar resistance for lasting beauty and easy maintenance. Coronado is shipped in low luster pearl Golden Cherry, Traditional Cherry, Cordovan Cherry, Mahogany on Cherry, Light Cherry, Java Cherry, Shaker Cherry or Natural Cherry unless otherwise specified.

EZ Options:

Low Luster Sheen, TD Antique English Brass (TDAB) Pulls, Box/Box/File Pedestal, No Grommets, Straight Grain w/Cove Edge Drawer Front, Picture Frame Molding, Glass Doors Wire Mesh w/Cove Edge and Standard Lock Key

Locks

Lock Core Antique Brass P-PCAB	\$ 12	1 / .10
Lock Core Matte Black P-PCMB	\$ 12	1 / .10

EZ : P-PC_ _X_ _ _T

SIN #711-8

Specify Key Number

Master Key P-PMK	\$ 5	1 / .10
Change Key P-PCK	\$ 10	1 / .10

Key numbers available for locks are X100T-X125T. Please calculate the total number of locks you need to order. Then calculate how many must be keyed alike. Select the same key number for each of the locks you would like to be keyed alike. For example, if you need 15 locks ordered for your office with five keyed alike for one office and 10 keyed alike for another office, it would look like this: 5 - P-PCMB.X101T, 10 - P-PCMB.X102T
