

FINISH COLOR MATCHING:

Different wood species offer unique texture and grain. Minor variations in finish color may occur due to the natural characteristics of wood. Paoli carefully selects all material used in every product insuring a commercially acceptable color and finish.

CUSTOM FINISHES

Custom finishes can be done for an upcharge. A 3" x 3" sample must be sent to customer service for approval and a quote.

VENEER:

Genuine flat sliced slip matched cherry and maple veneers, selectively slip matched to provide proper consistency.

TOPS:

All corner station work surfaces and tops for pedestals are $1\frac{3}{16}$ " - $1\frac{7}{16}$ " thick. Finished tops consist of a 3 or 5 ply balanced construction and heavy duty backer. Corner station work surfaces and tops for pedestals are self edged. Wood bridges are self edged on user side and profiled on approach side. Transaction tops have profiled edges on approach side. Select cabinet tops are profiled on all four edges, while others are profiled on 3 sides. Reflect, Revival, Revolve have a $1\frac{3}{16}$ " thick 3 ply balanced top and features MDF edges. Ignite has a $1\frac{3}{16}$ " thick 3 ply balanced top and work surfaces feature an internal lumber band. Mingle has a $1\frac{7}{16}$ " thick 3 ply balanced top featuring an external lumber band. Coronado has a $1\frac{3}{16}$ " thick 5 ply balanced top featuring an internal lumber band. Fuse and Altamont have a $1\frac{7}{16}$ " 5 ply balanced top featuring an internal lumber band.

Quartz (Silestone) Transaction Tops - Micro ban $1\frac{3}{16}$ " thick transaction tops on corner units and credenzas.

Glass Bridge Tops - $\frac{1}{2}$ " thick painted bottom surface - bridge tops

CHASSIS CONSTRUCTION:

Door and drawer fronts are slip matched cherry or maple veneer to match the tops and overlay the chassis. Chassis are assembled with dowel construction for precise tolerances. Units have solid hardwood parting rails and are reinforced with hardwood cleats and glue. All base units have adjustable leveling glides to compensate for uneven floor surfaces. The leveling glides can be accessed either from underneath or within the unit. Chassis panels are .75" thick with a 3-ply balanced construction. All panels are constructed around a 45 pound density particleboard core.

DRAWER CONSTRUCTION:

Four corner dovetailed box and file drawers are built as separate units for strength and durability. All drawers are finished with a 3 step catalyzed varnish finish to seal the grain and provide a smooth inner surface. Drawers are built with $\frac{7}{16}$ " wood sides and $\frac{3}{16}$ " wood bottoms, drawer fronts are slip matched maple and cherry veneers and attached separately.

DRAWER SUSPENSION:

File drawers utilize a heavy duty full extension metal ball bearing slide for smooth operation. Box drawers operate on full extension slides.

LOCKING:

Pedestal locks are standard on all desks, credenzas and returns. Remote locks are available on Wardrobes and Personal Towers. When specifying remote locks, units will not have lock boring on doors. Remote locks & key pad shipped separately with instructions to easily install in field. Units constructed with inside separation panel require 2 remote locks; but may use the same key pad.

FILE DRAWERS:

Letter width file drawers accommodate letter or legal filing. File drawers feature heavy duty metal filing systems.

DRAWER HARDWARE:

Drawer pulls finishes, are matte chrome, matte black or antique brass. See select pull style for available finish choices.

BASE:

2 base molding options are available. Altamont base molding features a 1" solid hardwood trim resting below the $\frac{9}{16}$ " ebony revel. A $3\frac{1}{2}$ " traditional base, is also available.

FINISH:

Paoli's multi-step catalyzed varnish utilizes the latest in technology. The superior strength of Paoli's tech-age finish provides enhanced stain and mar resistance for lasting beauty and easy maintenance. Entrata is available in Cordovan Cherry, Golden Cherry, Light Cherry, Mahogany on Cherry, Traditional Cherry, Java Cherry, Natural Cherry, Shaker Cherry, Golden Maple, Natural Maple, Huntington Maple, Clear Maple or Harvest Maple. **Units available in low luster pearl only.**

COLOR:

Quartz (Silestone) transaction tops available in Black (BL) or White (WH).

Glass bridge tops are available in Black (BL) and White (WH)

REDWELD FILES:

Select units accommodate Redweld files up to 15" in length.

STAND OFF PANELS:

Panels are offered in **Veneer** (Anigre, Sepele, Madrone Burl), **Veritas** (Gold Dust & Titanium) and **Glass** (Black & White). **Standoff panels used in conjunction with corner stations only. With choice of silver or black standoff hardware.**

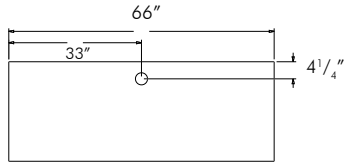

EZ Options:

Angle edge (AG), Anigre standoffs (AN_ _), Keyhole Matte Chrome pulls (KHMC), Cove drawer & door fronts (C), Wood modesty (V_ _), no base molding, White glass shelves (GW), White glass panels (GW), White bridge (WH), & Alloy buttons (AL)

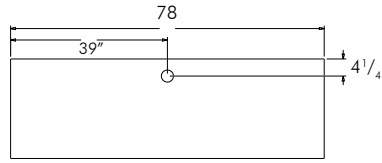

EZ Options are provided to help with the specification process and give an example of what the dot option string would look like if these options were selected. They are the same throughout the chapter. Finish is the only option not shown as part of **EZ** options.

Entrata "Back Wall" units can be used in three settings; Freestanding, Adjoining & Adjoining / Back

Freestanding: Used in open area, where user can see all sides of configuration

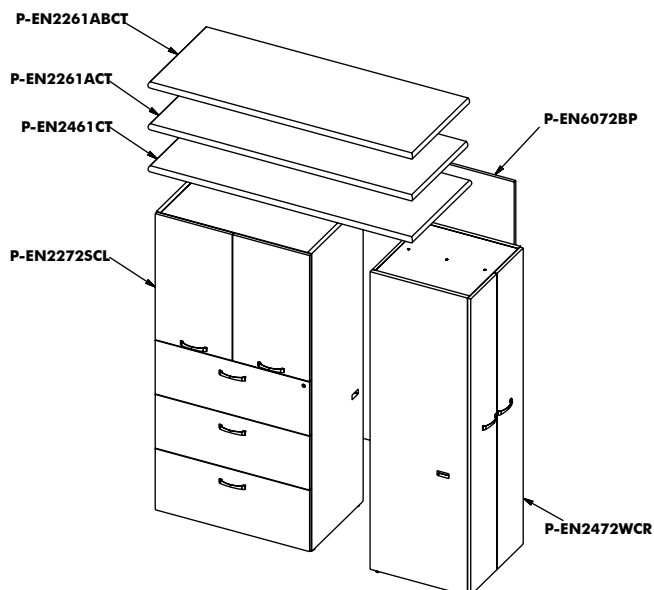

Adjoining: Used when configuration adjoins the wall or another unit and the back panel is unnecessary

Adjoining / Back: Used when unit adjoins another unit, but a bank of lateral files sits between them spanning the width

Master Key														
P-PMK		\$ 5				1 / .10								
Change Key														
P-PCK		\$ 10				1 / .10								
Key numbers available for locks are X100T-X125T. Please calculate the total number of locks you need to order. Then calculate how many must be keyed alike. Select the same key number for each of the locks you would like to be keyed alike. For example, if you need 15 locks ordered for your office with five keyed alike for one office and 10 keyed alike for another office, it would look like this: 5 - P-PCMB.X101T, 10 - P-PCMB.X102T														
Paoli Remote Locks														
P-PCRM		\$ 615												
	Remote locks can be used in select wardrobe and personal storage units instead of standard locking mechanism One lock & one keypad included Units with internal separation panel require 2 remote locks See page 2 for more information www.stealthlock.com					EZ : P-PCRM
