

**FINISH COLOR MATCHING:**

Different wood species offer unique texture and grain. Minor variations in finish color may occur due to the natural characteristics of wood. Paoli carefully selects all material used in every product insuring a commercially acceptable color and finish.

**CUSTOM FINISHES**

Custom finishes can be done for an upcharge. A 3" x 3" sample must be sent to customer service for approval and a quote.

**VENEER:**

Genuine flat sliced slip matched cherry or slip matched maple veneers, selectively matched on all surfaces to provide proper consistency.

**TOPS:**

Ignite tops are 1 3/16" thick and feature a 3 ply balanced panel constructions with internal solid hardwood edges. Desk tops feature a lumber band and the selected edge detail on the approach as well as the user side. All other edges are self profiled. Credenza, return and bridge tops have a lumber band and the selected edge detail on user side only, with all other edges self profiled.

**CHASSIS CONSTRUCTION:**

All units are reinforced with hardwood cleats and glued to end panels and modesty panels. All base units have adjustable leveling glides to compensate for uneven floor surfaces. Drawer fronts are full overlay.

**DRAWER CONSTRUCTION:**

Drawer fronts are attached separately to the fully assembled drawer box. Drawer fronts are slip matched cherry or maple veneer.

**FILE DRAWERS:**

File drawers ship with a filing system. Letter width file drawers accommodate letter or legal filing.

**LOCKING:**

Pedestal locking is standard on desks, credenzas and returns.

Key numbers available for locks are X100T-X125T. Please calculate the total number of locks you need to order. Then calculate how many must be keyed alike. Select the same key number for each of the locks you would like to be keyed alike. For example, if you need 15 locks ordered for your office with five keyed alike for one office and 10 keyed alike for another office, it would look like this: 5 - P-PCMB.X101T, 10 - P-PCMB.X102T
