STANDARD FEATURES

- An exceptionally comfortable chair series featuring a sophisticated, translucent mesh and models for all applications.
- Features an auto-adjusting comfort back.
- Spring loaded back reacts to body pressure and articulates 12°.
- Multi-purpose models standard with Global's high quality Soft Descent™ pneumatic lift which slowly and gently lowers the seat height of the chair making it easy to obtain the exact seat height you desire.
- Five prong, injection molded, fiberglass reinforced nylon Black base with C10 dual wheel carpet casters.
- Nesting chairs have a flip up seat allowing chairs to stack horizontally.
- Nesting chairs are standard with four Black nylon glides, C1 carpet casters or with two casters at front, two glides at rear.
- Chairs are "Wall Safe". Rear legs hit the baseboard first leaving clearance between the back of the chair and the wall, saving both the chair and the wall from damage.
- Seat upholstery options: fabric, vinyl or leather.
- Models can be ordered in Leather using appropriate grade. No leather/mock leather combination available.

OPTIONAL FEATURES

- For additional caster options, please refer to the Arm and Caster section.
- Optional casters may be priced higher than the standard casters for your chair and the difference will be charged. Lower priced optional casters will not be credited.
